BENGALURU METROPOLITAN TRANSPORT CORPORATION

CENTRAL OFFICES, STORES AND PURCHASE BRANCH,

BANGALORE-27

Sub: Reconditioning of Engine Components.
Ref: Tender no. BMTC/2024-25/SE0469

IMPORTANT NOTE TO THE BIDDERS

In view of the modification in the e-procurement portal by the Government of Karnataka, the tenderers should invariably quote the following parameters in the e-procurement portal while uploading the commercial bid. Failing which their offer will not be considered for commercial evaluation.

a) Basic rate
b) GST
c) End Rate

The Lead time required should be mentioned in the prescribed format while submitting the hard copies of the documents.

Terms and Conditions

1) **The tenderer should have the following Machineries:** Lathe, Grinding Machine, Bench Press, Boring Machine, Honing Machine, Pressing Machine, Line Boring Machine, Connecting Rod Testing and Bush Press Machine, Crank Shaft Grinding Machine Radial Drilling Machine and Welding Machine.

2) The bidder should have workshop in Bangalore.

3) Factory Inspection will be made by a technical team of BMTC after opening of Commercial Bid.

4) The Bidder should undertake to recondition the ordered quantity.

5) The tenderer must fulfill all statutory requirements and have all necessary licenses/ permits on the date of placement of orders.

6) Tenderer who have been blacklisted by any of the Government Organization/ Public Sector undertaking for breach of contract shall not be considered.

7) The salvaged spare parts shall be returned to BMTC in case of replacement of the spare parts.

8) The quality of the reconditioning work shall be satisfactory and the reconditioned items shall give satisfactory performance after their fitment to the vehicles to prove that the reconditioning of the items is economical and beneficial to the Corporation. If the reconditioned Engine components fail without giving the expected life the same are to be reconditioned again on free of cost basis.

9) If the reconditioned items fail pre maturely, tenderer will have to recondition the same items on free of cost basis. If the reconditioned items fail frequently and the successful bidder fail to lift the items to be reconditioned from the CWS and delays the delivery of reconditioned items to the CWS in such cases the BMTC reserves the right to cancel the work order and under such conditions the BMTC will get the items reconditioned from the other source of the tender.

10) Tenderer should able to supply 06 numbers of engines per day.

11) **Warranty Period:** The Engine components serviced shall be warranteed against the defects in the machining work for a period of six months or 35,000 kms whichever is later. In case of premature failure of the machined components a joint inspection will be held to assess the reasons for the premature failure. If the premature fail of the machined components is due to defective workmanship the amount will be recovered from the payable bills on prorata basis.

12) The service provider has to strictly follow the following schedule to carry out the required machining work of the Engine components,

13) The works mentioned as Optional in the Additional format shall be charged only if you have actually carried out those works otherwise no amount shall be charged for those works. You shall agree to hold joint inspection with the representative of the BMTC to decide which optional works are required for the reconditioning work.
